# Galileo® K-12 Online | LEARNING ON DEMAND
Professional Development Series for Galileo Users
April – June 2019

The ATI Professional Development Department offers complimentary Learning on Demand sessions in support of educators as proficient users of Galileo® K-12 Online technology with the goal of promoting student learning. Participate in live sessions or watch the suggested recorded sessions.

LIVE SESSIONS

Use the link to register for any of the following complimentary live sessions:

- *Click the WebEx Training "Upcoming" tab using this link Learning on Demand Registration*

NEW! Exploring the Benchmark Performance Levels Report
Tuesday, April 16th
Time: 3:00-4:00 pm **EST /** 12:00-1:00 pm **MST**
Audience: Educators interested in understanding performance levels, how students are given performance levels, and how this new report may be utilized.
Description: This session walks participants through accessing and interpreting data from the enhanced *Benchmark Performance Levels* report. The *Benchmark Performance Levels* report now provides data at multiple levels of aggregation, allowing educators to compare performance across tests, classes, and/or schools. Additionally, the standards data that is now provided allows educators to plan standards-based interventions.

Interpreting Student Growth and Achievement Data Across Pre/Post Assessment Data
Wednesday, May 1st
Time: 3:00-4:00 pm **EST /** 12:00-1:00 pm **MST**
Audience: Educators interested in data that cross-classifies students in terms of student achievement and student growth when looking at pre and post assessments.
Description: This session walks participants through accessing and interpreting the *Student Growth and Achievement* report which cross-classifies achievement with growth, providing educators an evaluation of growth throughout the school year. Additionally, the *Categorical Growth Summary* report will be showcased.

Completing the Assessment Planner
Tuesday, June 11th
Time: 3:00-4:00 pm **EST /** 12:00-1:00 pm **MST**
Audience: Galileo administrators and district/charter school personnel responsible for managing the benchmark assessments.
Description: This session walks participants through how to request, design, and review district curriculum-aligned assessments for benchmark testing. Participants will learn how to complete the *Assessment Planner* and how to utilize Galileo's *Test Review* tools to modify an assessment to fit their needs. Special emphasis is placed on the time needed to accomplish assessment planning and review tasks.

RECORDED SESSIONS

For 24/7 support on implementing Galileo, ATI recommends you view the following recorded *Learning on Demand* sessions available now in the Galileo *Help Files*.

Online Test Administration

Audience: Educators who proctor or administer online tests via the Galileo *K-12 Student-Parent Center.*

Description: This session shows participants where to access the *ATI Online Test Administration Manual* and discusses the tasks that should be completed prior to online test administration (e.g., checking your class roster, obtaining student logins). The Galileo *K-12 Student-Parent* Center is accessed, and participants are provided with troubleshooting tips for online testing. Users are also shown how to monitor students' progress as they complete online assessments.

Test Monitoring

Audience: Teachers and Test Administrators responsible for monitoring students during online test administration.

Description: This session walks participants through accessing and interpreting the *Test Monitoring* report during and after testing. Participants will also learn how to view and enter test scores.

Risk Level Summary

Audience: Teachers, curriculum coaches, intervention specialists, and administrators monitoring, supporting, and instructing students at various levels of risk.

Description: This session walks participants through accessing and interpreting reports where risk level information is displayed -- *Risk Level Summary* accessed from the *Teacher* and *Admin Dashboards, Benchmark Results, Aggregate Multi-Test with Risk Level*, and the *Student Assessment History*. These reports can help educators monitor the effectiveness of initial standards-based instruction as well as the effectiveness of reteaching.

Utilizing the K-12 Student-Parent Center

Audience: Educators who would like to extend Galileo use to students and parents.

Description: Prepares educators to access, navigate and utilize the Galileo *K-12 Student-Parent Center*. The session includes a tour inside the Galileo *K-12 Student Parent Center* including tools such as the *Launchpad*, Calendar view, Google Translate, and parent reports. Additionally, the session explores how students access assessments and assignments.

Development Profile Reports

Audience: Teachers, curriculum coaches, instructional designers, and educators responsible for interpreting assessments.

Description: This session walks participants through accessing and interpreting the *Development Profile* report and the parent-friendly *Individual Development Profile* report. These reports can help educators monitor the effectiveness of initial standards-based instruction as well as the effectiveness of reteaching.

ATI-Galileo also provides comprehensive, customized professional development and training on implementing and managing all aspects of Galileo K-12 Online provided by a team of experienced trainers well-versed in both educational theory and practice. *Refer to the Professional Development on the ATI website to explore all your learning options!*
