

## Galileo® K-12 Online Highlights

Expanded Features Support Districts and Charter Schools

The ATI mission is to create technology to promote learning. An important component in meeting this mission is the ATI focus on continual expansion and fine-tuning of the Galileo tools supporting district/charter staff dedicated to maximizing student engagement and learning. We are pleased to share with you some of the most recent ATI innovations supporting educators including the first-of-its-kind Galileo *Digital Curriculum Platform*, the vast variety and quantity of technology enhanced (TE) items, and the new, cutting-edge *K-12 Student-Parent Center*.

### Galileo Digital Curriculum Platform

Built on the foundation of ATI's nationally recognized Research and Development Program, the Galileo *Digital Curriculum Platform* creates a seamless integration between standards-based differentiated instruction, comprehensive, reliable, and valid assessment, and actionable *Dashboard* reporting that promote increasing levels of student learning and achievement. As the first of its kind, the *Digital Curriculum Platform* makes it possible to easily integrate existing curriculum content, develop new curriculum content, and modify curriculums as needed. Once curriculum content is entered into the platform, educators can quickly access the information to: 1) develop and implement lessons; 2) design empirically-based differentiated instruction; 3) rapidly link curriculum to comprehensive and balanced assessment; and 4) monitor the impact of curriculum and instruction on student learning.

*The Galileo Digital Curriculum Platform provides curriculum developers with the means and resources needed to build units of study for each course offered and ensures that all state standards are included in the proper sequence.*

Innovative tools within the Galileo *Digital Curriculum Platform* support increased efficiency in developing curriculums and hence they help free educators to spend more time with their students and in collaborating with colleagues. Innovations within the platform include:

- *Standards Builder* - Provides immediate access to built-in state standards and facilitates adding new standards.
- *Library Builder* - Supports creating, editing, and sharing instructional content in user-created libraries.
- *Resource Builder* - Allows the addition of instructional resources to lesson plans, lessons, assignments, Dialogs, and Units as they are being built.
- *Bulk Scheduler* - Enables quickly scheduling units, lessons, assignments, and assessments.
- *Dialog Builder with Search Engine* - Accommodates building of or selecting from thousands of multimedia *Instructional Dialog* lessons.

### Benefits of Using the Digital Curriculum Platform

- real-time feedback for both teachers and students;
- rapid access to curriculum and units via *Dashboards*;
- engaging student and parent center;
- ample capacity to measure instructional impact;
- flexible and sustainable approach accommodating change in district/charter needs;
- cost-effective method reducing the need to purchase traditional textbooks that quickly become outdated; and
- direct connection of essential goals, objectives, and outcomes in a continuous cycle.

*Digital curriculums provide an opportunity for students to have daily, hands-on experience with technology.*

# Benefit from the Galileo® Difference ...

## Technology Enhanced Items

Galileo item banks currently include 19 types of technology enhanced (TE) items available for kindergarten through high school assessments in math, science, and English language arts. The banks hold thousands of TE items and hundreds of new TE items are added every month by our professional staff of experienced item writers. The innovative TE items offered within Galileo are available for both secure district-wide assessments and for formative assessments that can be included with instructional materials. Students and instructors benefit from the opportunity to become familiar with the items which are designed to be consistent with those found on statewide assessments and which provide students an engaging assessment experience.

Watch the video below. When you are finished watching the video, scroll down to answer the question that follows.

Which two human body systems are most responsible for the exchange of gases shown in the video?

- A. excretory
- B. respiratory
- C. digestive
- D. skeletal
- E. circulatory
- F. muscular
- G. immune
- H. reproductive

Galileo item banks contain more than 11,000 TE items many including multimedia elements such as sound and video. Above is a sample TE item featuring video.

## K-12 Student-Parent Center

The redesigned *K-12 Student-Parent Center* features a sleek new interface which helps manage communications between teachers and students as well as between teachers and parents. The center is designed to increase student engagement in the learning process in part by communicating to the student pertinent information concerning scheduled lessons, assignments, assessments, and assessment results. The new interface features an enhanced *Dashboard*, user-friendly icons, responsive design accommodating use on various screen sizes, search capabilities, and the integration of Google Translate.

Subject	Test Name	Date	Score	Percentage	DL Score	Percentile Rank	Type
AZ-M03: Math 03 Gr.	2013-14 ATI AZ Math 03 Gr. CBAS #1	10/1/2013	2445	53%	746 (M5)	63	Benchmark
AZ-R03: Reading 03 Gr.	2013-14 ATI AZ Reading 03 Gr. CBAS #2	12/13/2013	2545	58%	773 (M5)	62	Benchmark
AZ-M03: Math 03 Gr.	2013-14 ATI AZ Math 03 Gr. CBAS #2	12/19/2013	3045	67%	823 (M5)	62	Benchmark
AZ-M03: Math 03 Gr.	2013-14 ATI AZ Math 03 Gr. CBAS #3	3/13/2014	2845	62%	785 (M5)	62	Benchmark
AZ-R03: Reading 03 Gr.	2013-14 ATI AZ Reading 03 Gr. CBAS #3	3/6/2014	3245	71%	839 (M5)	62	Benchmark
Grade	Student Growth Index	4/22/2014	3	N/A	N/A	N/A	External
Grade	Test Scores	4/22/2014	SP	N/A	N/A	N/A	External
AIMS Math	Math Item Scores	4/22/2014	41	N/A	N/A	N/A	External
AIMS Math	Math Scale Score	4/22/2014	359	N/A	N/A	N/A	External
AIMS Math	Math Performance	4/22/2014	Meets standard	N/A	N/A	N/A	External

The *K-12 Student Parent Center* provides a detailed assessment history on all completed benchmark, formative, and external assessments and also contains all available lessons and assignments so that they can be easily accessed by students and their parents.
